

# Fire Prevention and Response Training

## Federal Regulation Reads:

CFR 1910.157 (g) (1) "Where the employer has provided portable fire extinguishers for employee use in the workplace, the employer shall also provide an educational program to familiarize employees with the general principles of fire extinguisher use and the hazards involved with incipient stage firefighting."

Don't get caught in a fire emergency without the knowledge you need to take action. Cintas can help with Fire Prevention and Response training to help you and your team learn about methods of protection in these types of emergencies. Students will also have hands-on practice using FLAIM Systems - an immersive VR learning solution for fire extinguisher training that complements the course.

## Course topics include:

- What causes a fire
- The five classes of fire
- Fire prevention methods
- Types of fire extinguishers
- How to select the appropriate fire extinguisher
- How to correctly use a fire extinguisher
- When not to fight a fire
- Correct fire extinguisher inspection
- Hands-on training

This information is provided for educational purposes only and may not be relied upon as legal advice. Depending on the nature and location of the worksite, federal and state statutes and regulations may require that employers conduct specific training for their employees. Each worksite should be examined by the employer to determine which Compliance Training Programs the law requires for that specific worksite. Cintas does not provide recommendations or guidance regarding which safety programs and training are required for any particular workplace. The services are provided for educational purposes only. Cintas shall have no liability to customer or any other person relating to or resulting from the services or the information provided in connection with the services. Cintas will not be liable with respect to any decisions made by customer as a result of the training or in connection with services offered.
